

Gary D. Rogers

Gary D. Rogers is the author of *Unlocking the Power of Fatherhood*. He is a master storyteller with a unique message for today's modern man. Gary's message is that each of us is endowed with the capacity to achieve greatness. The concept of personal sovereignty and that no one can take away our power without our permission is empowering.

Gary brings a wealth of experience from a career in the **Construction, Oil & Gas, and Consulting businesses**. A lifetime as a people leader has forged a unique perspective in helping others realize their full potential.

Through his insightful perspective he challenges today's myths about manhood with concepts like:

- ✓ Achieving Greatness as a Father
- ✓ Dimensions of Authentic Manhood
- ✓ How Life's Hardships are Actually Your Superpower
- ✓ What Good Men Do and Why We Need Them

Testimonials:

Patty Aubrey — President, The Canfield Group

★★★★★

As someone who understands first hand the importance the role a father plays—both as a daughter, and as a mother to two young men who were blessed to have an incredible father—Gary's advice to future generations of fathers is both practical and divinely inspired.

Steve F. Hotze, M.D. — Founder & CEO of the Hotze Health & Wellness Center and author of the best-selling book, *Hormones, Health, and Happiness*

In *Unlocking the Power of Fatherhood*, Gary D. Rogers teaches men how they can overcome adversity, do a 180, and take charge of themselves and their families. It is critical that men fulfill their God-given role by taking responsibility for their actions as husbands and fathers. I appreciate Gary for taking a bold stand and writing a book that encourages men to be more courageous in their everyday lives.
